The Ridge

I understand that I must receive the written approval of the Architectural Review Committee (ARC) in order to proceed. I understand that the District may request additional information prior to reviewing this request. ARC approval does not constitute approval of the local building or zoning department, drainage design, structural or engineering safety and/or soundness. I understand approval by the ARC shall in no way be construed as to pass judgment on the correctness of the location, structural design, suitability of water flow or drainage, location of utilities, or other qualities of the proposed Improvement being reviewed. I understand the ARC shall not make any investigation into title, ownership, easements, rights-of-way, or other rights appurtenant to property with respect to architectural or landscape requests. I understand that I may be required to obtain building or other permits prior to the commencement of any work. I agree that my failure to obtain required building or other permits/approvals will result in the withdrawal of ARC approval. I understand that it is my responsibility and obligation to obtain all required building permits, to contact Colorado 811 for utility locates, and to construct the Improvement in a workmanlike manner in conformance with all applicable easements, regulations, and building and zoning codes.

I further agree not to alter existing drainage patterns on the Lot without the express approval in writing by the Board or ARC. I understand that the proposed improvement, if approved, will be designed and constructed to conform to the established drainage plan for my Lot and all neighboring Lots, and that no established drainage patterns will be affected by the proposed improvement.

I will not damage or alter District property at any time, and resulting damages may be repaired by the District and my responsibility to pay. Upon completion of my improvement, I hereby authorize the ARC or its delegate to enter onto my property for exterior inspection at a mutually agreed upon time, if requested. I agree that my refusal to allow inspection may result in the withdrawal of ARC approval. I understand that approval of any particular plans and specifications or design shall not be construed as a waiver of the right of the ARC to disapprove such plans and specifications, or any elements or features thereof, in the event such plans are subsequently submitted for use in any other instance. I understand that there shall be no deviations from the plans, specifications, and location approved by the ARC without prior written consent of the ARC. Any variation from the original application must be resubmitted for approval.

I further agree that if, at any time during the process, the ARC requests to enter onto the Lot or requests further information to determine if the improvement is being constructed in accordance with the approval plan and/or Covenants, I will comply with the request. I agree that my failure to comply with the request shall result in the withdrawal of ARC approval. In addition, I agree that my failure to start or complete the Improvement within the time specified on the application shall result in withdrawal of ARC approval unless an extension is requested in writing and approved in writing.
